

Dust Removal Recommendations

| | |
|---|---|
|  | <p>Our certified duct cleaning technicians use the Rotobrush duct cleaning machine which is the best duct cleaning machine available. This machine cleans ducts using a high powered HEPA filtered vacuum with a high speed rotating scrub brush lead by a video camera system. This will remove debris that is lodged in the ducts system.</p> <p>\$ _____</p> |
|  | <p>One of the most prominent causes for high household dust is duct leakage. Sealing the ducts can prevent your HVAC system from dragging air in from the crawl space or attic. This will also decrease HVAC operation costs.</p> <p>\$ _____</p> |
|  | <p>High efficiency media air cleaners such as the Honeywell FC40 or F100 will remove large amounts of particulate from the air and can be effective from 6 months to a year.</p> <p>\$ _____</p> |
|  | <p>Excessive dryer lint can be a contributor to household dust. Dryer vent cleanings can also increase dryer efficiency.</p> <p>\$ _____</p> |

Suggestions to remove source contributors of Allergies and Asthmas
