Features

- RUUD Side Discharge Heat Pump with RUUD Conventional Ducted Variable Speed Air Handler
- Space Saver Solution – Side Discharge Heat Pump allows for flexible installation in tight outdoor spaces with a minimum clearance of 21” on 3-sides
- Variable Speed Inverter Driven Compressor capable of providing heating capacities of up to 80% at -5 F
- Fully Communicating Heat Pump and Air Handler
- Outdoor Sound Levels as low as 53 dB
- 10-year Limited Parts Warranty
- Systems require new 3/8” x 5/8” ductless mini-split lineset with both liquid & vapor lines insulated
